32.5 If a Tender is not substantially responsive to the requirements of the Tendering Document, it shall be rejected by KPLC and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.

32.6 If a Tender is not substantially responsive, KPLC will notify the Tenderer that its Tender has been rejected.

33 Non material Non-conformities

33.1 Provided that a Tender is substantially responsive, KPLC may waive any non-conformities in the Tender that do not constitute a material deviation, reservation or omission.

33.2 Provided that a Tender is substantially responsive, KPLC may request that the Tenderer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial non- conformities in the Tender related to documentation requirements. Requesting information or documentation on such non-conformities shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with the request may result in the rejection of its Tender.

32.3 Provided that a Tender is substantially responsive, KPLC shall rectify nonmaterial non- conformities related to the Tender Price. To this effect, the Tender Price shall be adjusted, for comparison Purposes only, to reflect the price of a missing or non-conforming item or component in the manner specified **in TDS**.

34 Technical proposal Evaluation

34.1 For those Tenders that are found to be substantially responsive pursuant to ITT 32, KPLC shall evaluate the Technical Proposals using the following evaluation methodology:

- a. KPLC shall score Technical Proposals by applying the point system specified in **Section III** for each evaluation criterion. Each proposal will be given an aggregate technical score (St) by adding the scores assigned under each evaluation criterion;
- b. A proposal shall be rejected at this stage if it fails to achieve the minimum aggregate technical score specified in the **TDS**; and
- c. KPLC will apply any additional steps to the evaluation methodology as may be indicated in the **TDS**.

- 35.1 Only Tenders that have been found substantially responsive in accordance with ITT 32 and have achieved the minimum aggregate technical score in accordance with ITT 34.1 shall have their Financial Proposals opened and evaluated.
- 35.2 In evaluating the Tenders, KPLC will determine for each Tender the evaluated Tender cost by adjusting the Tender price as follows:
 - a. Price adjustment due to discounts offered in accordance with ITT 27.5;
 - b. Price adjustment due to quantifiable non material non-conformities in accordance with ITT 31.3;
 - c. converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with ITT 37; and

 - a. Any error detected if considered a major deviation that affects the substance of the tender, shall lead to disqualification of the tender as non-responsive.
 - b. Any errors in the submitted tender arising from a miscalculation of unit price, quantity, subtotal and total bid price shall be considered as a major deviation that affects the substance of the tender and shall lead to disqualification of the tender as non-responsive. and
 - c. If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail.
- 36.3 KPLC shall calculate the difference between the corrected price and tender price and workout the percentage difference, which will be plus or minus tender price as the case may be;[i.e.(corrected tender price– tender price)/tenderpriceX100].
- 36.4 On award of contract, all payment valuation certificates, variation orders on omissions and additions valued based on rates in the tender document will be adjusted by such a percentage specified in ITT 36.3 to ensure the service provider is not paid less or more relative to the contract price which would be the tender price.

- 38.2 In the event of identification of a potentially Abnormally Low Tender by the evaluation committee, KPLC shall seek written clarification from the Tenderer, including a detailed price analyses of its Tender price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the tendering document.
- 38.3 After evaluation of the price analyses, in the event that KPLC determines that the Tenderer has failed to demonstrate its capability to perform the contract for the offered Tender price, KPLC shall reject the Tender.

39 Abnormally High Tenders

- 39.1 An abnormally high price is one where the tender price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that KPLC is concerned that it (KPLC) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Tenderers is compromised.
- 39.2 In case of an abnormally high tender price, KPLC shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tender Documents to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high tenders. KPLC may also seek written clarification from the tenderer on the reason for the high tender price. KPLC shall proceed as follows:
- i) If the tender price is abnormally high based on wrong estimated cost of the contract, KPLC may accept or not accept the tender depending on KPLC's budget considerations.
 - ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high tender prices, KPLC shall reject all tenders and may retender for the contract based on revised estimates, specifications, scope of work and conditions of contract, as the case may be.
- 39.3 If KPLC determines that the Tender Price is abnormally too high because genuine competition between tenderers is compromised (*often due to collusion, corruption or other manipulations*), KPLC shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise, before retendering.
- 39.4 If KPLC determines that the Tender Price is abnormally too high because genuine competition between tenderers is compromised (*often due to collusion, corruption or other manipulations*), KPLC shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise, before retendering.

40 Unbalanced and/or Front-Loaded Tenders

- 40.1 If in KPLC's opinion, the Tender that is evaluated as the lowest evaluated price is seriously unbalanced and/or front loaded, KPLC may require the Tenderer to provide written clarifications. - 40.2 After the evaluation of the information and detailed price analyses presented by the Tenderer, KPLC may as appropriate:

- 41.1 KPLC shall determine to its satisfaction whether the Tenderer that is selected as having submitted the lowest evaluated cost and substantially responsive Tender is eligible and meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.
- 41.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to ITT 18. The determination shall not take into consideration the qualifications of other firms such as the Tenderer's subsidiaries, parent entities, affiliates, subcontractors or any other firm(s) different from the Tenderer that submitted the Tender.
- 41.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event KPLC shall proceed to the Tenderer who offers a substantially responsive Tender with the next lowest evaluated cost to make a similar determination of that Tenderer's qualifications to perform satisfactorily.

42 KPLC's Right to Accept Any Tender, and to Reject Any or All Tenders

- 42.1 KPLC reserves the right to accept or reject any Tender, and to annul the Tendering process and reject all Tenders at any time prior to contract award, without thereby incurring any liability to Tenderers. b) Electric Cooking Campaign

Kenya Power intends to drive the adoption of electric cooking (e-cooking) among its 9.2 million customers from the current 90,000 users to over 500,000 users in three years. This is inline with the Company's sales growth strategy and in support of its climate change agenda.

Electricity has traditionally been viewed as the expensive cooking alternative by many Kenyans. Wealthier households often own task-specific electric cooking appliances such as kettles or microwaves but rely on liquefied petroleum gas for the bulk of their cooking. There is, therefore, an enormous untapped potential for e-cooking in the country.

The Company plans to partner with organisations such the Modern Energy Cooking Services, the African Centre for Technology Studies, and the Clean Cooking Association of Kenya to champion e-cooking across the country. Towards this, the Company has set up a demonstration centres in major towns and cities including Nakuru, Kisumu and Mombasa to advance the e-cooking agenda nationally.

c) Expected Outcomes of the Campaign

The, Communications, Public Relations and Events Management firm is expected to help the Company develop a robust communication campaign that will raise awareness and drive uptake of e-cooking among its customers.

The campaign should lend itself to the following target groups:

1. Employees
2. Domestic customers living in urban and rural areas
3. Strategic partners
4. Government and other key stakeholders

The following are the expected outcomes from the e-cooking campaign:

1. Create internal and external awareness levels on e-cooking
2. Increase uptake of e-cooking solutions
3. Drive advocacy on e-cooking, both internally and externally

d) Why have a dedicated campaign on e-cooking?

Recent data from the Ministry of Energy and Petroleum indicate that only 1% of electricity customers use the service to cook with the majority of Kenyans primarily using wood and gas. This is because electricity is largely viewed by customers as an expensive cooking alternative which is no longer the case with emerging energy efficient cooking appliances.

e) Who are we talking to? What is the target audience?

Primary consumers – Employees as internal advocates and domestic customers

Secondary Consumers- Strategic partners and policy makers (Government)

f) What effect should the campaign have on the consumer?

There are 2 levels:

- (i) Behaviour/attitude change towards adopting electricity as a preferred cooking solution
- (ii) Drive uptake of modern energy efficient cooking appliances
- (iii) Policy makers to support e-cooking through incentives and favourable regulations to drive the uptake

g) What is the single most persuasive benefit we can offer?

It's now cheaper to cook using electricity with the emergence of energy efficient technologies

h) What are the execution considerations to be made?

Behaviours change propositions

Campaign theme, song/beats composition

Launches at the national and county level, use of third party endorsements and champions

Collateral such as:

- At least 3 campaign videos (45 secs, 2 minutes and 3minutes)
- 7 videos featuring diverse customers using different e-cooking appliances, including their testimonials
- Internal communication campaign strategy to drive uptake and advocacy.

Campaign will be in English and Kiswahili.

i) Requirements

Develop a vibrant and highly engaging optic channel, 360° communication campaign to achieve the objectives in (c) and (f) above.

7 APPENDIX 1 - FRAUD AND CORRUPTION

(Appendix 1 shall not be modified)

1. Purpose

The Government of Kenya's Anti-Corruption and Economic Crime laws and their sanction's policies and procedures, Public Procurement and Asset Disposal Act, 2015 (the Act) and the Public Procurement and Asset Regulations, 2020 (the Regulations) and any other relevant Kenya's Acts or Regulations related to Fraud and Corruption, and similar offences, shall apply with respect to Public Procurement Processes and Contracts that are governed by the laws of Kenya.

2. Requirements

The Government of Kenya requires that all parties including Procuring Entities, Tenderers, (applicants/proposers), Consultants, Contractors and Suppliers; any Sub-contractors, Sub-consultants, Service providers or Suppliers; any Agents (whether declared or not); and any of their Personnel, involved and engaged in procurement under Kenya's Laws and Regulation, observe the highest standard of ethics during the procurement process, selection and contract execution of all contracts, and refrain from Fraud and Corruption and fully comply with Kenya's laws and Regulations as per paragraphs 1.1 above.

Section 66 of the Act describes rules to be followed and actions to be taken in dealing with Corrupt, Coercive, Obstructive, Collusive or Fraudulent practices, and Conflicts of Interest in procurement including consequences for offences committed. A few of the provisions noted below highlight Kenya's policy of no tolerance for such practices and behavior:

- i) A person to whom this Act applies shall not be involved in any corrupt, coercive, obstructive, collusive or fraudulent practice; or conflicts of interest in any procurement or asset disposal proceeding;
- ii) A person referred to under subsection (1) who contravenes the provisions of that sub-section commits an offence;
- iii) Without limiting the generality of the subsection (1) and (2), the person shall be:-
 - a) disqualified from entering into a contract for a procurement or asset disposal proceeding; or
 - b) if a contract has already been entered into with the person, the contract shall be voidable;
- iv) The voiding of a contract by KPLC under subsection(7) does not limit any legal remedy KPLC may have;
- v) An employee or agent of KPLC or a member of the Board or committee of KPLC who has a conflict of interest with respect to a procurement—
 - a) Shall not take part in the procurement proceedings;
 - b) shall not, after a procurement contract has been entered into, take part in any decision relating to the procurement or contract; and
 - c) shall not be a subcontractor for the tenderer to whom was awarded contract, or a member of the group of tenderers to whom the contract was awarded, but the subcontractor appointed shall meet all the requirements of this Act.
- vi) An employee, agent or member described in subsection (1) who refrains from doing anything prohibited under that subsection, but for that subsection, would have been within his or her duties shall disclose the conflict of interest to KPLC;
- vii) If a person contravenes subsection (1) with respect to a conflict of interest described in subsection (5) (a) and the contract is awarded to the person or his relative or to another person in whom one of them had a direct or indirect pecuniary interest, the contract shall be terminated and all costs incurred by the public entity shall be made good by the awarding officer. Etc.

In compliance with Kenya's laws, regulations and policies mentioned above, KPLC:

- a) Defines broadly, for the purposes of the above provisions, the terms:
 - i) “corrupt practice” is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;

- ii) “fraudulent practice” is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
 - iii) “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
 - iv) “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
 - v) “obstructive practice” is:
 - 1) Deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede investigation by Public Procurement Regulatory Authority (PPRA) or any other appropriate authority appointed by Government of Kenya into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
 - 2) Acts intended to materially impede the exercise of the PPRA's or the appointed authority's inspection and audit rights provided for under paragraph 2.3 e. below.
- (b) Defines more specifically, in accordance with the Act, provisions set forth for fraudulent and collusive practices as follows:
- "fraudulent practice" includes a misrepresentation of fact in order to influence a procurement or disposal process or the exercise of a contract to the detriment of KPLC or the tenderer or the contractor, and includes collusive practices amongst tenderers prior to or after tender submission designed to establish tender prices at artificial non-competitive levels and to deprive KPLC of the benefits of free and open competition.
- (c) Rejects a proposal for award¹ of a contract if PPRA determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
 - (d) Pursuant to the Act and the Regulations, KPLC may recommend to PPRA for sanctioning and debarment of a firm or individual, as applicable under the Act and the Regulations;
 - (e) Requires that a clause be included in the tender documents and Request for Proposal documents requiring (i) Tenderers (applicants/proposers), Consultants, Contractors, and Suppliers, and their Sub-contractors, Sub-consultants, Service providers, Suppliers, Agents personnel, permit the PPRA or any other appropriate authority appointed by Government of Kenya to inspect² all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the PPRA or any other appropriate authority appointed by Government of Kenya; and
 - (f) Pursuant to Section 62 of the Act, requires Applicants/Tenderers to submit along with their Applications/Tenders/Proposals a “Self-Declaration Form” as included in the procurement document declaring that they and all parties involved in the procurement process and contract execution have not engaged/will not engage in any corrupt or fraudulent practices.

However, the Contractor shall still be entitled to the Contractor Remuneration under the Contract. If the suspension continues for more than 90 days, the Contractor may, by notice to KPLC, treat the suspension as Termination for KPLC Convenience.

If the effect of the Value Management Proposal would be to increase both the scope of the Services and the cost of the Services, then the proposed adjustment in the Operational Services Requirements Remuneration shall be such as to put the Contractor in the same financial position as it would be if the Value Management Proposal were not implemented

19.4 Decision on Value Management Proposal
